TECHNICAL ARTICLES APPEARING IN "THE INSTITUTE SPOKESMAN"

Vol. X—From April, 1946 to March, 1947

- AULD, COL. S. J. M.
"The War and Post War Grease Industry in England"
Volume X, Number 10
- BEVARLY, H. W.
"Continuous Process for Aluminum Greases"
Volume X, Number 9
- BONER, C. J.
"Rapid Method for Determination of Oil in Lubricating Greases"
Volume X, Number 11
- CLARK, D. P.
"Take Good Care of Your Lubricants and They Will Take Good Care of Your Car"
Volume X, Number 8

- FAUST, LT. COL. N. W.
"U. S. Army Specifications for Wheel Bearing Lubricants"
Volume X, Number 2
- HOULTON, H. G.
"Continuous Process for Aluminum Greases"
Volume X, Number 9
- JENNINGS, A. J.
"Centralized Lubrication"
Volume X, Number 5
Volume X, Number 6
Volume X, Number 7
- KAUPPI, T. A.
"Silicone Lubricating Grease"
Volume X, Number 3

- KRAUS, C. I.
"Modern Lubrication Method for Industry"
Volume X, Number 1
Volume X, Number 2
- LUCKENBACH, W. F., JR.
"The Effect of Fatty Acid Molecular Weight on Lithium Greases"
Volume X, Number 4
- MEYER, H. C., JR.
"The Effect of Fatty Acid Molecular Weight on Lithium Greases"
Volume X, Number 4
- REYNOLDS, H. R.
"Ball Bearing Lubrication and Housing Design"
Volume X, Number 11
- ROBINSON, R. C.
"The Effect of Soap Structures on Apparent Viscosities of Lubricating Greases"
Volume X, Number 12
- ROEHNHER, T. G.
"The Effect of Soap Structures on Apparent Viscosities of Lubricating Greases"
Volume X, Number 12
- SAVELAND, WALTER T., JR.
"Design of Anti-Friction of Bearing Installations with Special Reference to Electric Motors"
Volume X, Number 12
- SUTTON, M.
"Continuous Process for Aluminum Greases"
Volume X, Number 9
- WILLIAMS, GLENN A.
"Rapid Method for Determination of Oil in Lubricating Greases"
Volume X, Number 11

Greetings to . . .

THE INSTITUTE SPOKESMAN
on this Tenth Anniversary

Best Wishes for . . .

Continued Growth and Success In the Years Ahead
